VINEYARD: Lyons Vineyard is a 10-acre vineyard located in the Los Olivos District focusing on Rhône varietals including Grenache, Syrah, Mourvèdre, and Viognier. First planted in 2009 with one acre each of Grenache and Viognier, the vineyard was expanded in 2017 under Ryan Carr's vineyard management to include additional varietals.

WINEMAKING: The grapes were left on the vine until late November to ripen to a golden perfection. This sweet wine was barrel fermented using only native yeasts which brought out the bright, vibrant flavors of the sunlight captured in each of the golden berries.

TASTING NOTES: Aromas of crystallized honey comb and dried apricot introduce the palate of this full yet subtle dessert wine. Soft notes of honeysuckle and ripe nectarine lead into a decadently long finish of vanilla bean and perfectly ripe white peach.
